**CAUCES.**  
There will be a Democratic Caucus held at Young Men's hall on Friday, Aug. 20th, 1880, at eight o'clock p. m., for the purpose of electing 21 delegates to the County Convention, to be held at Cassopolis, Aug. 23rd, 1880. All Hancock and English men are invited to attend.  
By order of Committee.  
Vandalia, Aug. 18th 1880.  
Edw. J. Penner, Sec. of the Teachers' Institute to be held at this place. His principal assistant will be Prof. Frank Perry, of Detroit. Prof. Penner, of the State Normal, has charge of the music.  
Your Respectfully,  
M. PENNERSON.

**Political Points.**  
Hon. Omar D. Conger is renominated in the seventh district, receiving 38 of the 50 votes cast. Democratic press and speakers have bid for the granger vote by howling for the farmers. Yet their ticket is made up of one farmer, four lawyers, one broker, one "business man," one lumberer and contractor, and one teacher, according to the notices of the nominees in the Free Press's own editorial columns. The Republican state ticket contains the names of two farmers for important offices—Land Commissioner Neasmith and Secretary of State Jenney.  
Hon. Edwin Willis is renominated for Congress in the 2d district. Senator Chandler's last speech, delivered in Chicago the night of his death, is to be published as a campaign document by the young men's auxiliary club of that city.  
The democrats have nominated W. C. Maybury for Congress in the 2d district.  
Senator Conkling is ready for the campaign and will soon commence business in Indiana.  
Prohibition State Convention at Jackson Aug. 1st.  
The greenbackers and democrats have each put a farmer at the head of their ticket. They thus will draw the wind from each other's sails and Jerome will be an easy winner.

**Census Figures.**  
The latest reports give Cass county 21,096 inhabitants in 1870, 20,525 in 74 and 21,824 in 1880, and the State 1,336,561 in 1880. In 1880 this (the fourth) congressional district had 101,231, in '70 146,356, in '74 142,464 and in '80 150,856.  
The basis of the next congressional apportionment will be a representative to about 165,000 inhabitants, and upon this basis Michigan will be entitled to ten instead of nine members, as at present. The new district will naturally fall to the north of the Detroit and Milwaukee railroad.  
For state senators the apportionment will be 51,142 and the 12th district, composed of Cass and Van Buren counties, contains 52,974.  
The representative will have a constituency of 16,365 inhabitants, and this will involve the loss of a member in Berrien county, while the northern part of the State will gain several members in the House.

JAMES H. HITCHCOCK.

WILLIAM P. BENNETT.

**DETAILED ACCOUNT.**  
The convention was called to order by F. H. Reshore, temporary chairman of the county committee, who called E. H. Jones, of Newburg, to the chair, R. F. Kellogg, temporary secretary. The following committees were appointed:

On credentials—H. L. Barney, Dr. Rodecker, J. B. Sweetland, Thos. Odell, J. K. Ritter.  
On permanent organization and order of business—C. L. Morton, H. G. Bowen, T. J. Martin, Thos. Higgins, A. Robertson.  
J. B. Clarke moved that the convention decline to accept the resignation of Mr. Aldrich as chairman of the county committee and request him to resume his duties, which prevailed unanimously. Adjourned till 1:30 p. m.

On re-assembling the committee on permanent organization and order of business reported in favor of T. J. Martin, permanent chairman, R. F. Kellogg, permanent secretary and nominating the officers in the usual routine, commencing with Judge of Probate and concluding with Representative. Committee on credentials reported the quota from every township full, 232 delegates being in attendance.

On assuming the chair Mr. Martin said he took the choice of permanent chairman as a compliment to his race, a race ever true and loyal to the government and to liberty, and in this view of the matter he thanked the convention for the honor.

Mr. Aldrich consented to act as chairman of the county committee for the campaign. Messrs. Amos Smith and W. P. Bennett were then named as nominees for the position of Judge of Probate, and pending an informal ballot, Mr. Smith moved that the present incumbent be nominated by acclamation, which prevailed.

Messrs. J. A. Jones and H. H. Bidwell were named as aspirants for the nomination of Sheriff, an informal ballot gave Jones 184; Bidwell 48. Mr. Jones was declared the nominee.

Mr. A. Robertson, of Pokagon, placed the name of Joseph R. Edwards in nomination for county clerk, moved suspension of the rules and nomination by acclamation, which prevailed unanimously.

S. L. George, W. W. Easton, Perry Curtis, J. M. Frost and Enosh Jessup were aspirants for the Registry office, the first ballot gave George 177; Easton 7; Frost 10; Curtis 5; Jessup 26; and on motion of Mr. Frost it was made unanimous in favor of Mr. George.

Mr. R. N. VanNess was renominated for the position of Treasurer by acclamation.  
The names of J. B. Clarke, L. B. DesVoignes, F. H. Reshore, John Wooster and H. D. Smith were presented as candidates for prosecuting attorney. Speech-making was the order for some time, and Mr. Wooster said he wished only harmony in the party and withdrew from the contest. Mr. Smith stated he was not a candidate, and the name of Reshore was withdrawn. A ballot was taken which resulted in 118 votes for Clarke; DesVoignes 92; Smith 24. A move to make it unanimous prevailed, and the tellers found that 10 too many votes had been counted for Mr. DesVoignes, who then gracefully withdrew, and upon this gentleman's motion, it was made unanimous in favor of Mr. Clarke.

Mr. Amos Smith was unanimously nominated county surveyor.  
The circuit court commissioners and coroners were nominated by acclamation, as the ticket indicates.  
Then came the fight for REPRESENTATIVE.

The names of Wm. M. Frost, J. H. Hitchcock, M. J. Gard, J. B. Sweetland, R. J. Dickson, Elias Morris and Frank Beeson were mentioned.  
The first ballot gave Frost 12, Hitchcock 62, Gard 30, Morris 35, Sweetland 27, Dickson 38, Beeson 11. The second ballot, Hitchcock 97, Gard 26, Morris 29, Sweetland 20, Dickson 39; Beeson 5. The names of Messrs. Sweetland and Dickson were then withdrawn and the third ballot gave Hitchcock 198, Morris 16, Dickson 7. Mr. Hitchcock was declared the unanimous nominee.

Short speeches were then made by Mr. Hitchcock and others, and the convention adjourned.

The Mississippi Republicans have issued an address proposing to take the democratic platform and Hancock's letter regarding a free ballot at their word and see if they can do it.

The following ticket for State officers and Presidential Electors was nominated by the Democratic State Convention last Thursday: Governor, F. M. Holloway, Hillsdale; Lieutenant Governor, E. H. Thompson, Genesee; Attorney General, Henry P. Henderson; Treasurer, J. M. Aleston; Auditor General, Richard Moore, Clinton; Commissioner of the Land Office, James J. David, Wayne; Superintendent of Public Instruction, Z. Linsdale, Oakland; member of the State Board of Education, Albert Crane, Washtenaw. Electors—At Large, Archibald McDonald, Bay; Peter White, Marquette; districts, William Faxon, H. J. Beach, James S. Upton, Germain H. Mason, Hiram B. Beck, Jerome Eddy, William Mills, William R. Marsh, James Dempsey.

A good number attended the temperance convention held last week at Cassopolis. The necessity of thorough organization was urged, and the following committee men from each township were selected: John McKenzie, Marcellus H. A. Crego, Volinia; C. C. Morton, Wayne; Wm. Gilbert, Silver Creek; Dr. McMaster, Dowagiac; J. P. Hutten, Pokagon; E. M. Stephenson, La Grange; Dr. Thorp, Penn; J. J. Cables, Newburg; Gideon Hobron, Porter; L. J. Reynolds, Calvin; M. T. Garvey, Jefferson; W. H. Coulter, Howard; U. Enos, Jr., Milton; H. H. Bidwell, Onton; Geo. Stevens, Mason.

The committee on county organization reported, recommended that A. D. Northrop be Chairman, Jas. Oren, Secretary and J. L. Yost, Treasurer, and those named in the different townships be Vice Presidents, and that the Chairman, Secretary and Treasurer be the permanent County Committee, which was adopted.

A good point was made by Senator Blaine in his speech, in the conference of republican leaders in New York. He said:

"Hancock, so far as I know, is the first man that ever took part in a great war who was afraid to have the fact mentioned. [Great laughter.] Read his letter for yourselves, and see if he isn't. [Renewed laughter.] Washington fought in a revolutionary war against England, but I never heard that he didn't like to have his conduct referred to [laughter]; and Johnson and Taylor, too, they fought in different wars, but I never heard that they were afraid or ashamed. [Laughter.] But read Hancock's letter and see if he doesn't say in plain terms, 'Excuse me, but don't mention that thing. It is away fifteen years ago, and circumstances have thrown me into company in which it is disagreeable to have that matter mentioned.' [Yells of laughter and applause.]

History clearly shows that in from four to ten years the democratic party have espoused the very grounds and principles upon which they bitterly fought the Republican party at the time those questions were at issue. But the democratic party of this State only wait about two weeks and then steal these planks from the Republican state platform, disguising it by inserting the name of Hancock.

Resolved, That we hereby reiterate, as we always shall at recurring elections, our firm confidence in the Republican party, and that we will support the Republican party in every effort to preserve and improve, and by every effort making it possible for the child of the poorest citizen to enjoy all the privileges of our educational institutions.

A movement is on foot in Indiana to present a petition to the Supreme Court asking a re-hearing of the case involving the validity of the amendments to the constitution, in order to secure a reversal of the partisan decision, or at least that portion which decides that State elections must be held in October. It is said that the ruling was made in favor of Hendrick's presidential aspirations, but this excuse surely no longer remains, and if the colonizations of Kentuckians can be stopped, the Republicans feel sure of carrying the State.

Some men pin their faith to some leading man and swear by his belief and vote as he votes. Senator Chandler had some such followers, as does every strong man in every movement. Among these political lights may be classed Col. Ingersoll, and some of his followers have been extremely anxious to hear from him regarding the present campaign. His speech at Gloucester, Mass., last Thursday, can no longer leave a doubt as to his standing politically, and next week we shall present extracts from the great orator's efforts.

The official report of the commissioner of internal revenue shows that in the past four years nearly four hundred millions in internal revenue taxes have been collected and paid into the treasury without the loss of a single cent. Is "a change" needed in this respect?

It also shows that in the same period 25 revenue officers have been killed and 55 wounded while breaking up illicit distilling in the south. These are official facts and no campaign documents. They aptly illustrate the difference between the north and south, upon the one hand is thrift, industry, economy and wealth, on the other idleness, crime, murder and fraud. Yet the only hope of success indulged in by the democratic party is the "solid South" solidified by just such practices as the above indicates.

It is figured that the State has a population of 953,410 or a gain in ten years of 247,806.

Census returns from the South indicate as much doctored as do the election returns. It is a well known fact that but little of the emigration from the north has settled south of Mason and Dixon's line. Yet the returns indicate that a number of southern states have gained about 47 per cent, a gain in excess of some of the States where settlers have been pouring in for the last decade. Superintendent Walker says if frauds are proven he shall not hesitate to correct them.

Again the lowest record of the trotting horse is cut down a second, and by two trotters almost simultaneously. St. Julien and Maud's were matched at Rochester last week, \$2,000 offered to the horse could beat St. Julien's record of 2:12. Maud was the first quarter in 3:24—1:05—1:38; and the mile in 2:14. St. Julien was then speeded, making his quarter in 3:14—1:04—1:38; and his mile in precisely the same time as Maud's, 2:14.

**A Surprised Physician.**  
A DYING PATIENT RECOVERS THROUGH THE INTERPOSITION OF A HUMBLE GERMAN.—Some weeks ago Dr. G. was a very reputable and widely-known physician, living on C—street, was called to attend a very complicated case of Rheumatism. Upon arriving at the house he found a man about 40 years of age, lying in a prostrated and agonized condition, with his whole frame dangerously affected with the painful disease. He prescribed for the patient, but the man continued to grow worse, and on Sunday evening he was found to be in a very alarming condition. The legs and elbows and larger joints were greatly inflamed and could not be moved. It was only with extreme difficulty that the patient could be turned in bed, with the aid of two or four persons, the weight of the limbs was so oppressive that means had to be adopted to keep it from the patient's body.

The doctor saw that his assistance would be of no avail, and left the members of the family following him to the door, weeping. At this critical hour a neighbor, a poor and humble German, appeared at the door, and offered to try his remedy, and accordingly brought a bottle of St. Jacob's Oil. As the drawing man will catch at straw, so the poor wife applied this remedy; she had no hope, but would try anything at a matter of days. The first application improved the patient very much; after a few hours they used it again, and, wonder of wonders, the pain vanished entirely! Every subsequent application improved the sufferer, and in two days he was well and out. When the doctor called a few days after, he was indeed surprised to find, instead of a corpse, he found a new-made man.—Each day.

What the Cashier of the First National Bank of Troy, Ohio, says: "Troy, O., Dec. 30, 1879.  
The Dr. Boonish Medical Dispensary, Piquette, Genesee.—I was troubled with Rheumatism last spring, in the acute form, so badly that I was unable to use my hand. Through the recommendations of my friends, I was induced to try your 'Rheumatic Cure,' which immediately began to soothe, comfort, and allay the pain, and in a short time I was relieved of this distressing disease. I take great pleasure in recommending this valuable remedy to the similarly afflicted.  
Yours, respectfully,  
JNO. L. MERRETT.
